

# Christmas in Blue Chair Bay

[Kenny Chesney](#)

We got some mistletoe  
Hangs from the bound on the boat  
Christmas in blue chair bay Christmas in blue chair bay Everybody raise a glass  
Hit me right now  
To all of those up in the snow  
From all of us down south  
'Tis the season for believing  
And faith and family  
Wish you were here with me We cleared out a place in the sand  
For Dancer and Prancer to land  
We saved a boat slip for Santa's sleigh  
Christmas in Blue Chair Bay Everybody raise a glass  
Hit me right now  
To all of those up in the snow  
From all of us down south  
'Tis the season for believing  
And faith and family  
Wish you were here with me By the sea  
A little numb  
I'm drinking rum Oh i think i sit right here  
Pray for a piece for here  
Love the love happy holiday's to you from blue chair bay  
merry christmas from blue chair bay Love the love happy holiday's to you from blue chair bay  
happy christmas from blue chair bay
