Don't You Ever

General Fiasco

almost sure i said some awful things
i'd take it back if i thought i'd change,
couldn't say for sure.
only i remain, i'm struggling
you choked out once, can you start again
try and make it clear
is it bringing you down to know
the worst is on its way
and still the wait is ever growing
i see the darkness creeping in on me
i let you know!don't you ever,
waste your time on me
you're better off alone
it's ordinary!and i don't want no l-o-v-e
i can see that you have some other plans
keep still to gain
is it breaking you down to know
the worst is on its way
and still the wait is ever growing
i see the darkness creeping in on me
i let you knowdon't you ever,
waste your time on me
you're better off alone
it's ordinary!is it breaking you down to know
the worst is on its way
and still the wait is ever growing
i see the darkness creeping in on me
i let you knowdon't you ever,
waste your time on me
you're better off alone
it's ordinary!don't you ever,
waste your time on me
you're better off alone
it's ordinary!
