White Light Moment

Tove Styrke

I want a perfect moment
I wanna go tonight
I wanna see the star shoot out of the pitch black sky

I wanna start a fire
I wanna burn tonight
I want a world in motion
I wanna see the signs
Race through my mind

All I want now is a White Light Moment
Come with me tonight
Monochrome city the colors fading
Watching the world in your eyes

Take me around the planet
Take me through space and time
Paint me a perfect picture and make sure you cross the line

Don't let the colors scare you
It's just a state of mind
We'll stay out of sight

All I want now is a White Light Moment
Come with me tonight
Monochrome city the colors fading
Watching the world in your eyes

I want a perfect moment
I wanna go tonight
I wanna see the star shoot out of the pitch black sky

I want a world in motion
I wanna see the signs
Raise through my mind

All I want now is a White Light Moment
Come with me tonight
Monochrome city the colors fading

Watching the world in your eyes

In your eyes
In your eyes
