

On Top of the World

Cheap Trick

You're on top of the world
You're on top of the world
And you can't get any higher
You're on top of the world
You're on top of the world tonight It wasn't easy, it was hard as hell
You didn't get luck in a wishin' well
Never worked so hard, had so much pain
Wouldn't change for anything Learned love from a movie screen
He was tough, she was wild at fifteen
Hated school and had no dreams
Wasn't going very far Then he got religion and she got a God
It's on her back and it's in his job
It costs lots of money, honey, oh, no You're on top of the world
You're on top of the world
And you can't get any higher
You're on top of the world
You're on top of the world tonight Breakdown nearly every day
Should 've known you couldn't get away
Got lucky with the girl next door
She was lonely and didn't care She was young, she was dark, she was fair
Wrapped herself around you with her stare
You'd explode if she would touch you there
Touch you there, touch you there Then he got religion and she got a God
It's on her back and it's in his job
It costs lots of money, honey, oh, no Tonight, tonight
You're on top of the world
You're on top of the world
And you can't get any higher
You're on top of the world
You're on top of the world tonight Tonight, tonight, tonight, tonight
You're on top of the world
And you can't get any higher
You're on top of the world
You're on top of the world tonight (Can you hear me? Can you see me?)
You're on top of the world tonight
(Can you hear me? Can you see me?)
You're on top of the world tonight
