

# Are You Changing In Your Time

## Pisces

It's not like you to understand  
It's not like you to dream of me  
Am I sitting in the palm of your hand?  
Are you gonna make a fool of me?

Every night I used to ask you  
And time and time again you told me no

I wish I knew,  
I've got to know

Are you changing in your time?  
Are you waking in your prime?

Mmm...

Something there is warning me  
Something down and easy to see  
Why can't I read it in your mind?  
Why do you make it hard to find?

Every night I used to ask you  
And time and time again you told me no

I wish I knew,  
I've got know

Are you changing in your time?  
Are you waking in your prime?
