

# Thunder And Roses

[Pam Tillis](#)

Once I had flowers at sunset  
Breakfast in bed  
And I hated myself for what I never felt  
I couldn't love him Then I had fire at midnight  
Passion that brought tears to my eyes  
It was like a joke, I couldn't get enough  
But he didn't love me I want to know why I can't have both  
Someone that soothes my heart  
And burns my soul  
Something I can trust  
But I can't control  
All I need is someone who brings me  
Thunder and roses I want to be safe and warm  
In a beautiful storm  
With somebody who shakes me  
And knows how to take me away from this world Candies that burn all night  
A lover that looks into my eyes  
A man who loves me  
And knows how to touch me everywhere I want to know why I can't have both  
Someone that soothes my heart  
And burns my soul  
Something I can trust  
But I can't control  
All I need is someone who brings me  
Thunder and roses
