

# You Done Goofed

## Blood on the Dance Floor

"With everything going on in this world  
All the people with hate in their hearts and minds...  
And still the focal point is the lies about me  
You've been blessed by fucking with someone  
Who doesn't give a fuck what you say  
But here's my message, hear me out,  
I'm only saying this once."I don't give a shit  
about your insecurities  
your attempts to get my attention doesn't bother me  
but when you crossed that line  
and dragged my name through the dirt  
believe me girl  
you're gonna feel all my hurt  
I work hard for the things that are in my hands  
my fans are what I love for,  
It's my promised land  
you seem to think  
that the scene you've made  
will somehow  
some way  
cause me so much painI don't think you understand  
all your lies and shenanigans  
won't make me give a damn  
it's all just a fucking scamSo I'll keep on livin and keep on givin  
we got one life to live  
I won't be stopped with your fibbin(CHORUS)Everything You Said  
It Was A Lie  
We Watched As The World  
Watched You CriedEverything You Did  
Was For The Fame  
What You Have Now  
Is A World Of painyeahhhhhhVerse 2:Hate,rage,lies, I'm done with it  
I've let you fill my head with this shit  
all because I'm living my dreams  
and i never was taught to quit  
i always swung back,  
i never took the first hit  
all the accusations,  
and no truth to admit

I've changed how people think,  
I'm not the only misfit  
posting,blogging,hating with no reason to submit  
Regardless of what you've read,  
I've got no crime to commit  
YOUR FICTION TRASH TALKING  
IS DONE OUT OF HATE  
but I'm about to murder it all,  
I'm about to eradicate  
look at me,  
I'm beautiful,  
not a suspect of rape  
don't you know,I'm fucking boss?  
read the fucking nameplate  
your just a pawn of stupidity  
you are a living mistake  
I'm the king of the chessboard,so mother fucker,CHECKMATE  
I am WRITING THIS FOR ANYONE WHO CAN RELATE  
whose ever been hurt by the things that people say  
I stand strong i don't let anything get in my way  
I'm not going anywhere  
maybe you'll see that one day  
if i don't have anything,  
and I'm left with nothing,  
at least i still have my faith  
That's all I need to embrace(CHORUS)Everything You Said  
It Was A Lie  
We Watched As The World  
Watched You CriedEverything You Did  
Was For The Fame  
What You Have Now  
Is A World Of painyeahhhhhverse 3:I won't be your prey  
your wooden puppet on a string  
you think your clever,  
boldfaced lies control everything  
you can call me fake  
call me sick,  
call me a nazi  
I'll blow down your little house and cripple your posse  
your victim I am not  
I am a tiger  
don't mess with me  
I got the love of my fans AN MY FAMILY  
they're the reason I am  
they always cover my back

they'll annihilate your ass  
when I'm under attack  
this darkness I feel won't turn into a suicide  
all your hate will push me right over to the golden side  
and I'd love to think that when you talk to your shrink  
he points out your the reason that your life stinks  
and you're the cause for all this motherfucking bullshit  
regret meeting me as your last dying wish  
my name  
and reputation won't be  
the target of a slut  
I'll be on top of the world  
and you'll be cutting yourself fucked(CHORUS)Everything You Said  
It Was A Lie  
We Watched As The World  
Watched You CriedEverything You Did  
Was For The Fame  
What You Have Now  
Is A World Of shameyeahhhhhh"When you're standing in the rain  
And it's getting dark  
It seems like the whole world is trying to bring you down  
Remember  
one love  
one heart  
BOTDF."
