

# Born To Love You

**Waylon Jennings**

Born to love only you  
Destined to die alone without you  
Knowing my dreams can never come true  
Yet knowing that I was born to love you  
Night after night wanting for you  
Living a life built around you  
Knowing my dreams can never come true  
Yet knowing that I was born to love you  
Knowing my dreams can never come true  
Yet knowing that I was born to love you
