# White Lights

## Anjulie

(Verse)
Love songs, limousines
Never could cut my heart... my heart
I wish it was make-believe
Crawl around in the dark... the dark(Verse)
I'm burning, I'm bleeding, I'm fienin
But I don't fill my cup... my cup
I'm chasin, I'm searchin, I'm runnin
Never can get enough... enough(Verse)
I love the new school, old school
Never can knock it out... it out
Blue's cool, what's cold
I don't wanna care about... about(Verse)
I'm burning, I'm bleeding, I'm fienin, I'm yearnin, I'm searchin
For something
I'm twisting, I'm turnin, I'm tempted... tempted
I wanna go go go go go(Chorus)
Where the white lights glow
Where the white lights glow
Where the white lights...
Tonight tonight tonight
I wanna go glow go go go
Where the white lights glow
Where the white lights glow
Where the white lights glow
Where the white, where the white(Verse)
I love the new school, old school
Never can knock it out... it out
You think it's time to close
I don't wanna hang around... around(Verse)
I'm burning, I'm fienin, I'm leavin, I'm waitin. I'm searchin
For something
I'm twisted, I'm hungry, I'm tempted... tempted
I wanna go go go go go(Chorus)
Where the white lights glow
Where the white lights glow
Where the white lights...
Tonight tonight tonight
I wanna go glow go go go

Where the white lights glow
Where the white lights glow
Where the white lights glow
Where the white, where the white(Bridge)
I'm going back
And I'm not afraid, no I'm not afraid, no I'm not afraid now
I'm built to last
See the ground come, ground come close
You're changing now
It's too late, too late to save me
From myself
I wanna go go go go go(Chorus)
Where the white lights glow
Where the white lights glow
Where the white lights...
Tonight tonight tonight
I wanna go glow go go go
Where the white lights glow
Where the white lights glow
Where the white lights glow
Where the white, where the white
