

Under the Influence

Elle King

Just another morning,
With shaky hands, pounding head,
I guess I did it again
Try to leave, but I can't stand
Start to think that I'm better off dead,
I'm sick of this condition
Your kiss is my addiction,
I could tell you to cast a spell
That knows no moderation
It's dangerous, the things we do! UNDER THE INFLUENCE, I got no defense,
It might be criminal, but still I just can't quit
UNDER THE INFLUENCE, I'll take the consequence,
well if it's poisonous, let it take my last breath
UNDER THE INFLUENCE Temptation creeping up on me,
gets under my skin, won't let me be
All my days and all my sleep, viciously unrelenting
Ow, lay down again
Ow, give in again
and ow, feel good again
Begging for another beautiful sin
It's dangerous, the things we do! UNDER THE INFLUENCE, I got no defense
It might be criminal, but still I just can't quit
UNDER THE INFLUENCE, I'll take the consequence
Well if it's poisonous, let it take my last breath
UNDER THE INFLUENCE, the walls are closing in
It's inevitable, but I can't see him leaving out,
the destruction of your love!
Ooh oh ooh ooh UNDER THE INFLUENCE, I'll take the consequence
Well if it's poisonous, let it take my last breath
UNDER THE INFLUENCE, I got no defense
It might be criminal, but still I just can't quit
UNDER THE INFLUENCE, I'll take the consequence
Well if it's poisonous, let it take my last breath UNDER THE INFLUENCE
UNDER THE INFLUENCE
UNDER THE INFLUENCE
