

# Dancefloor Docusoap

## Alcazar

You've been alcazarized  
You've been alcazarized  
Alcazarized This is a dancefloor docusoap  
This is a dancefloor docusoap  
This is a dancefloor docusoap  
I just cant, I just cant get over it Tess comes to town, the goddess of success  
She plays her part, the glamour of caress  
Ami amore is Annika fiore  
We just adore her, the drama queen noblesse On this weeks episode, Andreas chocks the crowd  
And comes back from the could  
When Magnus fights and wins his band of gold  
So that you, you just cant, you just cant get over it This is a dancefloor docusoap  
This is a dancefloor docusoap  
This is a dancefloor docusoap  
I just cant, I just can get over it We've got the girls, the vixens in the ring  
We've got the guys, the sultans of the swing  
Counting the karma a dandy discorama  
God save the drama who cares about the king On next weeks episode our golden four will score  
To fill the final fold inside a web of secrets  
Kissed and told so that you  
You just can't, you just can't get over it This is a dancefloor docusoap  
This is a dancefloor docusoap  
This is a dancefloor docusoap  
I just cant, I just can get over it You've been alcazarized, alcazarized  
You've been alcazarized, alcazarized  
You've been alcazarized, alcazarized  
You've been alcazar, you've been alcazar  
You've been alcazarized This is a dancefloor docusoap  
I just can't, I just can't get over it This is a dancefloor docusoap  
This is a dancefloor docusoap  
This is a dancefloor docusoap  
I just cant, I just can get over it This is a dancefloor docusoap  
This is a dancefloor docusoap  
This is a dancefloor docusoap  
I just cant, I just can get over it This is a dancefloor docusoap
