

# Sleepin' in the Corner

## Gravity Feed

Oh, I just can't get over  
The way you make me feel  
The way that you steal  
My heart, and give it back all over  
You turn it all around  
Leave me hanging upside down

But I know we've got some hills to climb  
And we'll be looking down in time

Now I'm living in the corner  
Been sleeping on the floor  
Just can't seem to find the door  
And leave, never coming back here  
Driving nowhere in my car  
Wish we'd never gone this far

But I know we've got some hills to climb  
And we'll be looking down in time

Should I try moving forward  
Just give up on today  
Find another who will say  
Iâ€™m sorry, letâ€™s try again tomorrow  
Well as hopeless as it seems  
Iâ€™ll start searching in my dreams

But I know we've got some hills to climb  
And we'll be looking down in time
