

# Lucky Girl

## The Tattle Tales

Lucky girl  
She got the diamond but I got the world  
It's my oyster and it's full of pearls  
So honey tell me who's the lucky girl  
Lucky boy  
Did you tell her she's your second choice?  
'Cause I wouldn't be your little toy  
Ain't no man inside her lucky boy  
I guess you finally found someone  
Who's everything that I couldn't be, whoa  
I just couldn't see myself as Mrs. You Can Walk All Over Me  
So tell me who's the lucky, tell me who's the lucky girl  
Lucky girl  
She got the Gucci gown, the veil and curls  
I got your precious box set of Merle  
So honey tell me who's the lucky girl  
I guess you finally found someone  
Who's everything that I couldn't be, whoa  
I just couldn't see myself as Mrs. You Can Walk All Over Me  
So tell me who's the lucky, tell me who's the lucky  
Lucky girl  
She got the diamond but I got the world  
Yeah, it's my oyster and it's full of pearls  
So honey tell me who's the lucky girl
