

7/4 (Shoreline)

Broken Social Scene

It's a shoreline
And it's half speed
It's a cruel world and
And it's time And you're walking away
But where to go to?
And you're walking alone
But how to get through? If you wanna get it right
You can own what you choose
But you wanna live a lie
And love what you lose It's a shoreline
And it's half speed
It's a cruel world and
It's time While you're walking away
And I'm trying to get through
But you've gotta know their lies
From the lies they've told you If you try to do it up
It all will leave you
If you try to steal the beat
The beat will steal you It's coming
It's coming in hard
It's coming
It's coming in hard It's coming
It's coming in hard
It's coming
It's coming in hard it's coming
It's coming in hard
It's coming
It's coming in hard It's coming
It's coming in hard
It's coming
It's coming in It's a shoreline
And it's half speed
It's a cruel world
And it's time It's coming
It's coming in hard
It's coming
It's coming in hard It's coming
It's coming in hard
It's coming

It's coming in hardIt's coming
It's coming in hard
It's coming
It's coming in hardIt's coming
It's coming in hard
