

# Hot Love

Michael Bolton

I never knew someone who made me  
Feel so good before  
But I never gave my heart to anyone  
Who could hurt me more  
And when you promise me that no one else  
Will ever take my place  
I get the feeling you're just leading me on  
And lying right to my face  
First you say you want me then you say you're leaving  
I've gotta know if I'm coming or going with you  
When ya say you need me, do you really mean it?  
Maybe it's true, I just wish I could believe it  
Hot love, ya leave me so cold  
But one touch and you've got me where ya want me  
Hot love, ya leave me so cold  
I don't know if I'm coming or going  
There's no way of knowing with you  
Just when I give it up, the game is through  
And your heart is mine  
I turn around, you're up to something new  
Ya do it time after time  
What's it gonna take to break this circle?  
I've gotta know, am I coming or going with you?  
And when ya hurt me, do ya really mean to?  
Ya say ya don't, I wish I could believe you  
Hot love, ya leave me so cold  
But one touch and you've got me where ya want me  
Hot love, ya leave me so cold  
I don't know if I'm coming or going  
There's no way of knowing with you  
You come on like a fire burning  
And I'm lost in the flame  
Over and over again  
Hot love, ya leave me so cold  
But one touch and you've got me where ya want me  
Hot love, ya leave me so cold  
I don't know if I'm coming or going  
There's no way of knowing with you
