

In The Morning

Ledisi

In the morning
Will you be there in the morning
To love me
Love me
Love me I don't know what it is about your love
And what you've got that keeps me running back to you
Telling me lies saying things that will keep me from leaving
Be a man not a boy running from the truth
You're always [Chorus]
leaving late at night
You never come home [Chorus]
and when we have a fight
Cause you're doing me wrong Still I can't leave
You're leaving me wondering
Will you be there
In the morning [x2]
Will you be there in the morning
Will you be there
To love me [x2]
Love me
Love me
I need you here with me
In the morning
Morning
Will you be there
To love me [x2]
Love me
Love me I don't know what it is about our love
And all of my friends say I'm crazy waiting here for you
We got a love so strong and I can't see me leaving
They don't understand the things that we go through I'm always
Telling you come home
Cause I need you here
And you're hanging out all night long
And you disappear
Still I can't leave
You leaving me wondering Will you be there
In the morning
Will you be there

Will you be there in the morning

I need you right here with me

To love me

To love me

Love me

Love me

Love me

In the morning

In the morning baby I need you here

Morning

Love me

To love me

Love me

Love me

Gotta have ya loving always waiting here waiting on you

So tired of waiting for you I need you here with me Waiting in the morning always waiting here waiting for you

Waiting on you

Gotta have ya loving always waiting here waiting on you

I'm tired of waiting on you baby but I need you Waiting in the morning always waiting here waiting for you I

need you here with me

In the morning I want to wake up to you baby

Will you be there in the morning

I need you right here with me

To love me

In the morning

Will you be there

Morning

I can't let you go I don't know how to

In the morning
