

# Standing In the Doorway

## A Flock of Seagulls

I can see you standing outside  
See your shadow on the wall from a street lamp  
I've got a manual instructing my brain  
I turn around, cover eyes, I see you Standing in the doorway  
Standing in the doorway  
I can see you Standing in the doorway  
Standing in the doorway  
I can see you I can see you walking behind  
See your face silhouetted in the half light  
I've got a manual instructing my brain  
I turn around, cover eyes, I see you Standing in the doorway  
Standing in the doorway  
I can see you Standing in the doorway  
Standing in the doorway  
I can see you I can feel your presence inside  
Like a chill, like the point of a sharp knife  
Instruction manual, instructing my brain  
I turn around, cover eyes, I see you Standing in the doorway  
Standing in the doorway  
I can see you Standing in the doorway  
Standing in the doorway  
Standing in the doorway
