

# Bang Out

## Tech N9ne

Bang out, till the sun comes up  
The wheels fall off in the parking lot  
'Cause I bang out, keep my glock in hand  
While you posted up, chillin' wit cha mans  
Bang out, won't catch me sleepin'  
While you in the club, rollin' out the keys  
'Cause I bang out, shots go off quick  
Catch yo' ass butt naked while you wit ya bitch  
'Cause I bang out  
I toss up the set, I walk up in this bitch  
With some gold on my neck, yeah nigga  
I'm controlling the set, rock and rollin' the bitch  
Then grab a hold of my dick  
Oh I pop a hole in ya click  
See you don't wanna fuck with this  
One nigga found on the ground, we don't fuck around  
D O double G pound, L B C style  
Victory is mine, and I'm gonna shine  
Ain't no need to try, can't stop my grind  
Keep my pen in hand, go line from line  
If you didn't know just press rewind, victory is mine  
Bang out, till the sun comes up  
The wheels fall off in the parking lot  
'Cause I bang out, keep my glock in hand  
While you posted up, chillin' wit cha mans  
Bang out, won't catch me sleepin'  
While you in the club, rollin' out the keys  
'Cause I bang out, shots go off quick  
Catch yo' ass butt naked while you wit ya bitch  
'Cause I bang out  
Eastside, Long Beach, rolling twenties  
Yup, we fully wooded  
Yeah, we wear the black and gold coats  
With the patch in the back, they say its still us  
(Bang out)

A lot of niggas wanna do us but they can't  
'Cause it is hard to get us  
Watch out for the slaters, boy we ride us

Heavy hitters, East Siders yeah  
(Bang out)  
We shoot first, talk later  
Nigga ya all paid us, Doggy Dog's playa  
And then I slid away, smoothly get away  
Did it and chill away, I am gonna need ta hit a date  
I live my life like I was John F Kennedy  
Nay I won't be steal away  
Fuck a cop nonstop  
Twenty grip all day  
Bang out, till the sun comes up  
The wheels fall off in the parking lot  
'Cause I bang out, keep my glock in hand  
While you posted up, chillin' wit cha mans  
Bang out, won't catch me sleepin'  
While you in the club, rollin' out the keys  
'Cause I bang out, shots go off quick  
Catch yo' ass butt naked while you wit ya bitch  
'Cause I bang out  
Victory is mine, and I'm gonna shine  
Ain't no need to try, can't stop my grind  
Keep my pen in hand, go line from line  
If you didn't know just press rewind, victory is mine  
(Bang out)
