Come Back Home (Myd Remix)

Two Door Cinema Club

Another Saturday, another careless move

Tell the world that you're thinking of what to do

A window opens up and some one calls your name

But I can tell you don't know how to play this gameI know this isn't it

You'll hit your target some daySo now your on your own

Won't you come back home To see you're not that kind And find the strength

To find the strength

To find another wayTo find another way

To find another way

To find another waySo tell me what you need

And I'll accommodate

But if too long goes by

You just might be too late

An opportunity you can't afford to waste

So have the lines in your head first

For heaven's sakeYou hear the day beckoning

Know what its all in your headSo now your on your own

Won't you come back home

To see you're not that kind

And find the strength

To find the strength

To find another waySo now your on your own

Won't you come back home

To see you're not that kind

And find the strength

To find the strengthSo now your on your own

Won't you come back home

To see you're not that kind

And find the strength

To find the strength

To find another way
