

# Don't Know What It Is

Nancy Hanson

Don't know what it is about his smile  
Makes me want to stay a little while  
Don't know what it is about that man  
And I'm not sure that I understand  
But there's a little something 'bout the way he walks  
I want to sit and listen to him talk  
Don't know what it is  
Don't know what it is  
Don't know what it is

But it makes me want to do a little song and dance  
I'm thinking 'bout starting up a bit of romance  
Stirring up the butterflies deep inside  
This is something I just can't hide  
I Just can't hide  
I Just can't hide

I don't know what he's got behind those eyes  
He makes me want to try them on for size  
I don't know why he's always on my mind  
And I'm not sure what I'm gonna find  
It's just every little thing he does  
I want to get to know him just because  
Don't know what it is  
Don't know what it is  
Don't know what it is

But it makes me want to do a little song and dance  
I'm thinking 'bout starting up a bit of romance  
Stirring up the butterflies deep inside  
This is something I just can't hide  
Hey

I don't know why he's got me feeling shy  
I'm working up the nerve to walk on by  
I don't know if he'll even look my way  
And I'm not sure what I'm gonna say  
But there's a little something in his voice  
That leaves me standing here without a choice  
Don't know what it is

Donâ€™t know what it is

Donâ€™t know what it is

But it makes me want to do a little song and dance

Iâ€™m thinking â€˜bout starting up a bit of romance

Stirring up the butterflies deep inside

This is something I just canâ€™t hide

This is something o-oh

I just canâ€™t hide

I just canâ€™t hide
