

Get Loose (Feat. Nelly)

T.I.

Ay, I wanna see you dance like them girls in that Tip Drill video
Ay, let me see you get loose

Get loose, get loose, get loose

Ay, shawty, you can get loose

Get loose, get loose
Ay shawty, bust it open for me

Let me see you get loose

If you really wanna show me that you love me, get loose

No Grey Goose, if you don't get loose

Get up out the coupe if you won't get loose
Bend it over, reach for yo toe, get loose

Hold on to the pole, drop it low and get loose

No xo if you don't wanna get loose

No more dro unless you gonna get loose
My potnas in the club and we chillin' to the max

Poppin' bottles, blowin' money, we ain't learn how to act

All in the V.I.P. spendin' four or five stacks

You can tell it's T.I.P. from how I bend my hat
Send the waitress to the bar but she comin' right back

Bet a shot of xo'll get you on the right track

You got yo girl with you, better hold her hand, I'm a mack on attack

Turn yo head and she bound to get snatched
Give the dick to her once, get her hooked like crack

Takin' cum in the face, yeah, I like it like that

Holdin' on to her waist while I hit it from the back

If she come wit pussy popper she ain't never comin' back
Rough sex, talkin' dirty, yeah, she into all that

Gotta movie that'll prove that what I'm sayin' is all fact

Bra and panties all black and some real tall stacks

Suckin' titties, eatin' cat, shot her off the meat rack
Ay shawty, bust it open for me

Let me see you get loose

If you really wanna show me that you love me, get loose

No Grey Goose, if you don't get loose

Get up out the coupe if you won't get loose
Bend it over, reach for yo toe, get loose

Hold on to the pole, drop it low and get loose

No xo if you don't wanna get loose

No more dro unless you gonna get loose
Let me see you drop it down, get that eagle on girl

Ain't no fuckin' way I'm leavin' here alone girl

Money ain't a thang to the uncut kind

Baby, I can make a mill if I rap or if I sing
Done tryna ball ma, I own a damn team

Even with a noose nigga still can't hang

Let me tell you who I'm is

Lunatic mayne, straight up out the heartland

Nine on my right, ten more karats on my other hand
In different colors mayne, worth a couple hundred grand

Damn mama, how you do that there?

How yo waist stay still but you move that there

Ain't got a clue right there
Seen a lotta ass poppin', but that's new right there
You invited to the house ma, you and yo crew right there
Check it, okay let's have some fun
I got four G's and 5 five G's in one
Ay shawty, bust it open for me
Let me see you get loose
If you really wanna show me that you love me, get loose
No Grey Goose, if you don't get loose
Get up out the coupe if you won't get loose
Bend it over, reach for yo toe, get loose
Hold on to the pole, drop it low and get loose
No xo if you don't wanna get loose
No more dro unless you gonna get loose
You ready to get loose, shawty, better be
Sittin' on them leather seats
If not, pat yo feet on the concrete merely
Freak by choice, not force, I would never be
Charged with a rape, if she say no, I'ma let her be
Why should I let that worry me?
Too many bitches cherish me
Pimp 'til I die, be a playa 'til they bary me
Renegade, I'ma keep it pimpin', I ain't finna play
Anyway, I can hit the baddest bitches any day
Slept with the best, I ain't gotta flex
Got yo girl stretched out, pullin' up her dress
Checkin' out her spread and I am impressed
G strings right in the middle of them wet
Her girlfriends with her and all of them next
I passed them a bottle, gave all of them X
Head pussy popper, so all of them expect
The best sex and that's what all of them get
Ay shawty, bust it open for me
Let me see you get loose
If you really wanna show me that you love me, get loose
No Grey Goose, if you don't get loose
Get up out the coupe if you won't get loose
Bend it over, reach for yo toe, get loose
Hold on to the pole, drop it low and get loose
No xo if you don't wanna get loose
No more dro unless you gonna get loose
