

The Sound of Music

Joy Division

See my true reflection
Cut off my own connections
I can see life getting harder So sad is this sensation
Reverse the situation
I can't see it getting better I'll walk you through the heartbreak
Show you all the outtakes
I can't see it getting higher Systematically degraded
Emotionally a scapegoat
I can't see it getting better Perverse and unrealistic
Try to make it all stick
I can't see it getting better Hollow now, I'm burned out
All I need to break out
I can't see life getting higher Love, life, makes you feel higher
Love of life makes you feel higher
Higher, higher, higher, higher
Higher, higher, higher, higher
Love of life makes you feel higher
