

Never Get To Heaven

[Sarah Blaine](#)

I'll hold your hand
Kiss me to sleep
And please catch the wind
If I can't breathe in
And send it when I leave But if I never get to heaven
Will you find a way to me?
And if I never get to heaven
Say you'll come and rescue me
Rescue me Please catch my tears
Will you carry me?
Or do I deserve to walk alone
The only father that I've ever known
Don't leave me here on my own And if I never get to heaven
Do you think I'll still be free?
And if I never get to heaven
Say you'll come and be with me.
Be with me So let the ground crumble underneath my feet
No six feet's never gonna be enough to bury me
As long as I am on your shoulders
We'll be standing when the world is over. And if I never get to heaven
Do you think I'll still be free?
And if I never get to heaven
Say you'll come and be with me.
Be with me
