

I'll Be Lightning

7 Worlds Collide

Hey, next week
Pushing things with feet
One shoe on
Someone's vicious love
Make me writhe around
All I need is one
All I need is one

Blue and green
Colors of the in between
Tell, tell me
Focus on the things we need
Someone's vicious love
Make me writhe around
All I need is one
All I need is one

I'll be lightning you'll be lightning
Love make me writhe around
All I need is one
All I need is one
