

# Cloudy Room

## The Twang

Your sat on your own, you hear the phone  
Your mother calls you, you make a deal  
You shake on it but you know it'll fall through  
At the scene you're nice and clean, everything's sprucy  
Up the bar you grab a jar, then bump into LipsyLet's get some Gian Luca  
Better phone the Juggler  
Oh, you better phone the jugglerLet's get some Gian Luca  
Better phone the Juggler  
Oh, you better phone the jugglerIt's getting late, you're in a state  
We have a singsong, there sits Jim  
He's sipping pimms with  
The one and only tiny peopleThey ring the bell and ask politely  
"Can I get a move on", play my card  
'Cause I'm already barred  
So I tell 'em "Do one"Let's get some Gian Luca  
Better phone the Juggler  
Oh, you better phone the jugglerLet's get some Gian Luca  
Better phone the Juggler  
Oh, you better phone the jugglerThere's no going back from here  
There no going back from hereSounds coming outAnd I was straight out a cloudy bedroom  
Into the cloudy club, there's no headroom  
Turning a corner sucking on a Benson  
Next stage to a two's [unverified]  
And I tell him [unverified]DJ drops another classic  
Proper, all I hears static  
Danny hits the dance floor changing the vibe  
Had a little fella now he's come aliveLet your body move in a cloudy room  
Let your body move in a cloudy room  
I swear your girl is giving the eye  
Yeah, I swear your girl is giving the eye  
There's no time to ask the question  
There's no time to ask the question  
What, when, how or whySo we was straight out of one zone into another  
Mines a Marlon, yours a lager  
Want some of what that man just sold yaDj drops yet another classic  
Look around now everybody's having' it  
Face everybody when it cuts to the drum  
It keeps rocking to aBad da bum, bad da bum ba  
Bad da bum, bad da bum ba

Bad da bum ba , bad da bum ba  
Ba, ba, ba, ba, baLet your body move in a cloudy room  
Let your body move in a cloudy room  
I swear your girl is giving the eye  
Yeah, I swear your girl is giving the eye  
There's no time to ask the question  
There's no time to ask the question
