

Sleep Without You

Brett Young

Oh babe
Never thought I would be like this
Wide awake waitin on a goodnight kiss
Sippin 90 proof
Talkin to the moon
Coutin down the hours till its 2 am
Never thought I would be like this

But as long as the night ends with you in a yellow cab shootin' me a text sayin'
Comin' home soon
As long as I can bet on ya crawlin into bed after slippin out ya high heel shoes
I ain't lyin sayin havin a good time
Out with your girls
Girl do what you do
No matter how late
Baby I'll be stayin up

I can't sleep without you
I'd be tossin and turnin all night babe
From the smell of your hair on the pillow case
Even if I tried without you by my side I'd be dreamin with my eyes open

I'd be tossin and turnin all night babe
But as long as the night ends with you in a yellow cab shootin' me a text sayin'
Comin' home soon
As long as I can bet on ya crawlin into bed after slippin out ya high heel shoes
I ain't lyin sayin havin a good time
Out with your girls, girl do what you do
No matter how late
Baby I'll be stayin up
I can't sleep without you no

I can't sleep without you
Noo noo
I bet that djsplayin your song
And your carryin on
Baby I love the thought of that long as I know i'm the one you're comin home to
But as long as the night ends with you in a yellow cab shootin' me a text sayin'
Comin' home soon
As long as I can bet on ya crawlin into bed after slippin out ya high heel shoes

I ain't lyin sayin havin a good time
Out with your girls, girl do what you do
No matter how late
Baby I'll be stayin up
I can't sleep without you

Ya no matter how late I'll be stayin up cause I can't sleep without you no
Cant sleep without you
I cant sleep without you
Never thought I would be like this
Just wide awake waitin on a goodnight kiss
