

Still the One

Ingrid Michaelson

I got the music, you got the moves
I'm still the one that's in love with you
I'm like a movie, you're like the news
I'm still the one that's in love with you We dance in the living room and
We move to the beating of our blood
You are the one, I am the two
I'm still the one that's in love with you I get the biscuits, you get the blues
I'm still the one that's in love with you
This is a life that we never knew
I'm still the one that's in love with you
I want to be here forever
All tangled inside your broken heart
You are the one, I am the two
I'm still the one that's in love with you I'm still the one that's in love with you
I'm still the one that's in love with you (You and me, we got the beat, we got the heartbeat) I'll never leave you,
or make you choose
I'm still the one that's in love with you
I'll let you win, I'll let you lose
I'm still the one that's in love with you
I want to just dance forever
Keep spinning us into something new
You are the one, I am the two
I'm still the one that's in love with you You saved my life, I'll save yours too
I'm still the one that's in love with you I'm still the one that's in love with you
(You and me, we got the beat, we got the heartbeat) I'm still the one that's in love with you
