Crazy

999

I'm going crazy
You don't make it easy
Don't you give a beggar a chance
Dry on the outside
Wetter on the inside
It ain't exactly romance
Feelin' like a fumble
Bit on rough and tumble
Got no chance of getting away
You can push me so far
Only push me so far

Too far lately
Don't you know it drives me crazy
Got it so fine lately
Crazy

I'm going crazy
No one ever pays me
Try to find me something to do
You're just double trouble
Gonna burst your bubble
I ain't got nothing like you
Sisters up for hire
Whatever you desire
Brother like to break all the rules
It's got me so far
Only push me so far

I I I don't want to be like you
You you you can do what you want to do
I'm going crazy
Everything looks hazy
You got me lying flat on my face
This is not the worst time
I bet I'm no exceptional case
Mummies on the outside
Daddies on the inside
Only got for years to do

Well it gets me so far see
Only push me so far
