Broken Record

Jason Derulo

girl you've been good to me for so long
and i know what i did was wrong
but this time, this time, this time, Im'a change
i wont lie to you no more
i know you heard this song before
but this time,this time, this this time,is not the same
take a, take a, take a, another chance
i know i don't deserve to have your love ever again
but i need you baby yeahhh...
how can i make it, make it, make it up to you
your wish is my command give me your hand and i'll do
cuz it hurts me when you say,
i sound like a broken record, record, record
a broken record, record, record
all the times i said i was gonna change
im'a sound like a broken record
a broken record, record, record
every time i lie, your ears bleed with pain
form the sounds of a broken record

i didn't know what i had till you left
since you've been gone my life's been a mess
i'm sorry, sorry, sorry i'm too blame
the times you took me back, it got worse
wish i could take back all the hurt
i'm sorry, sorry, so sorry, i'm ashamed.
please, take a, take a, take another chance
i know i don't deserve to have your love ever again
but i need you baby, yeahhh...
how can i make it, make it, make it up to you
your wish is my command give me your hand and i'll do
cuz it hurts me when you say,
i sound like a broken record, record, record
a broken record, record, record
all the times i said i was gonna change
im'a sound like a broken record
a broken record, record, record
every time i lie, your ears bleed with pain
form the sounds of a broken record
