Back to Basics Lyrics by Jacobed Melgarejo
Verse 1
I'm looking to come back to basics, Basically lost myself when I lost sight of you
Lord, I know you are my foundation, Everything falls apart when I'm not with you

Bridge
You are my center, you are my center

Verse 2
Surely, I am but the branches, You are the vine and I wither without you
This life source does not come from me, and I can do nothing without you

Bridge
You are my center, you are my center (2x)

Chorus
I'm coming back to you, I'm coming back to you
I'm tired of these lies, I'm coming back to you
(2x)
Coming back to basics, basics, yeah
Coming back to basics, basics, yeah
(2x)
yeah- eh- eh-eh...

Verse 2
Surely, I am but the branches, You are the vine and I wither without you
This life source does not come from me, and I can do nothing without you

Bridge, chorus
