

Ouch That Hurt

Dionne Bromfield

I've fall out a few times
But never this far
I never knew I'd
surrender my heart Everytime that you leave
You keep getting to me
Now I'm starting to see
This is love Chorus:
Ouch that hurt
come kiss it better
oh my my
oho hoo Ouch that hurt
baby whatever you do
let me be the one who
kisses it better for you I'm insecure now
and I'm feeling afraid
For me it's a real thing
But for you it is only a game Chorus:
Ouch that hurt
come kiss it better
oh my my
oho hoo Ouch that hurt
baby whatever you do
let me be the one who
kisses it better for you Everytime that you leave
you keep getting to me
now i'm starting to see
this is love Ouch that hurt
come kiss it better
oh my my
oho hoo Ouch that hurt
come kiss it better
kiss it better
kiss it better Ouch that hurt
come kiss it better
oh my my
oho hoo Ouch that hurt
come kiss it better
baby whatever you do
let me be the one who

kisses it better for you
