

# Am I Not Yours?

## Cursive

Who's your school friend?  
He left you some messages  
He'd love to see you again  
thinks your ideas are brilliant and  
and since you've been going out for coffee with him lately  
well is he a pretty good-looking guy?  
Jealousy Jealousy  
am I am I am I  
not yours not yours not yours?  
We stopped for some alcohol  
and you stayed in the car  
The bars had gotten out  
that line was so long  
and I saw you over on the pay phone well  
so I was thinking who do you ever call at one a.m.?  
I wondered who that was  
Jealousy Jealousy  
I am I am I am  
not yours not yours not yours  
We lay so stiffly  
and act like we're sleeping  
My eyes are staring  
and you're not breathing heavily  
and I know when you're sleeping you purr  
so softly on my neck  
Jealousy  
I am I am I am  
a whore a whore a whore
