Trouble

[702](#)

When you're alone with me
I know that this could be
I can't help myself baby although I try
You're the flame that turned into a fire
And baby there's someone else in my life
But what you got, it keeps on calling
When you're alone with me
I know that this could be
Trouble, but I'm down to take a chance
Trouble, 'cause I kinda got a man
Trouble, and I don't know what to do
Trouble, 'cause I'm really feeling you, baby
When you're alone with me
I know that this could be
You don't know if he finds out, just what he'll do
So I'm telling you that there's a lot to lose
If he knew what we did, he'd act a fool
So let's be smart about this baby
When you're alone with me
I know that this could be
Trouble, but I'm down to take a chance
Trouble, 'cause I kinda got a man
Trouble, and I don't know what to do
Trouble, 'cause I'm really feeling you, baby
When you're alone with me
I know that this could be
As we proceed
(Tell me if you're really sure)
I'm what you need
(Can you handle what's in store?)
I know it's wrong
(But the way I feel for you is strong)
If this keeps going on, it could be dangerous
When you're alone with me
I know that this could be, trouble
I'ma say it one more, trouble
Let me repeat, trouble
Baby, one last time is, trouble
Oh but we're not

When you're alone with me
I know that this could be trouble
