

Don't Push Me Away

Joseph Pfeifer

Every day I see your face
I hear your heart racing across space
Racing across space I know you're hurtin' and feelin' helpless
Your lonely nights are filled with questions
Can't even make it through a day But don't, don't don't push me away
I can see that your heart is breakin'
Into a million pieces An avalanche of troubles fall
You do your best to carry them all, but oh
A heavy snow will swallow you whole You're tryin' to find a cure for the pain
But no medicine could ever take the place
Of what you need the most
What you need the most Don't, don't don't push me away
I can see that your heart is breakin'
Into a million pieces The more you push
The more you'll break
We weren't meant to waste away
Let me give you a hand, maybe two
Don't push away the very thing that just might save you Don't, don't don't push me away
I can see that your heart is breakin'
Into a million pieces
Tonight don't close your eyes
You're gonna make it through this
I'll find a way, just don't push me away
