

# Alive (Acoustic Version)

Edwin

It feels so good to breathe the air  
Another spin around the sun  
On this spec of life  
In the universe  
The gift of love  
Is there for everyone Angels working over time  
Day or night to hold the hands  
That play all alone  
A baby's born pure to the world  
As the old man lays down his head and closes his eyes  
With nothing said Every year another promise is made  
A pint of beer raised towards a better day  
Lets find a star, a star to call our own  
And make a wish, maybe we can make it home Ain't it good to be alive?  
To feel the sun, strong against your face  
Strawberry blond waves of silky hair  
Spills over me like the milky way Ain't it good to be alive?  
Ain't it good to be alive? Alive, alive  
Alive, alive Ain't it good to breathe the air  
Another spin around the sun  
On this spec of life in the universe  
A little peace of life in everyone  
Ain't it good to be alive?  
Ain't it good to be alive?  
To feel the sun strong against your face  
It spills over me like the milky way Alive, alive  
Alive, alive
