

Bad For My Body

Deap Vally

Doing things that are bad for my body
Doing things that are bad for my head
Doing things that are bad for my future
'Cause I can't help myselfDoing things that are bad for my body
Doing things that are bad for my wealth
Doing things that are bad for my credit
'Cause I can't help myselfIf our mothers only knew
The trouble that we get into
If our mothers only knew
The trouble that we get into
If our mothers only knew
The trouble that we get into
Mother, if you only knew
Doing things that are bad for my body
Doing things that are bad for my health
Doing things that are bad for my future
'Cause I can't help myselfDoing things that are bad for my image
Doing things that are bad for my rep'Cause I can't help myselfIf our mothers only knew
The trouble that we get into
If our mothers only knew
The trouble that we get into
If our mothers only knew
The trouble that we get into
Mother, if you only knew
If our mothers only knew
The trouble that we get into
If our mothers only knew
The trouble that we get into
If our mothers only knew
The trouble that we get into
Mother, if you only knew
