Look

Nina Paolicelli

Walked in the room he had her pinned down to the ground,
I was yelling please donâ€™t hurt her she did nothing wrong,
I was only five years old and that was just the beginning..

My mama wasnâ€™t herself no more,
everyone around her never understood,
â€œIâ€™ll believe it when I see itâ€• kind of situation,
even her own family didnâ€™t stick around..

They told her yeah he hurts you, well yeah he pushes you down, but look at what he gave you,
donâ€™t be so ungrateful,
they told her yeah he yells at you, well yeah he dragged you up the stairs while your kids were watching, but look at all the riches, look at what you live in..

The police arrived took sides with the monster, big surprise,
I was seven years older but it still felt so wrong..

My mama wasnâ€™t herself no more,
everyone around her never understood,
â€œIâ€™ll believe it when I see itâ€• kind of situation,
even our own family didnâ€™t stick around..

They told her yeah he hurts you, well yeah he pushes you down, but look at what he gave you,
donâ€™t be so ungrateful,
they told her yeah he yells at you, well yeah he dragged you up the stairs while your kids were watching, but look at all the riches, look at what you live in..

She said this isnâ€™t how itâ€™s supposed to be,
he shouldnâ€™t do this to me,
put yourself in my shoes and try to walk ten feet without falling, without falling..

They said well yeah he hurt you, yeah he pushed you down, but look at what he gave you,
donâ€™t be so ungrateful..

They told her yeah he hurts you, well yeah he pushes you down, but look at what he gave you,
donâ€™t be so ungrateful,
they told her yeah he yells at you, well yeah he dragged you up the stairs while your kids were watching, but look at all the riches, look at what you live in

Oh
