Okay Alright Iâ€™m Alive

Bahamas

I can tell when you lie
It's so obvious
The wink of a mannequins eye
Some say it's written inside
Inside all of us
Everybody learns how to lieI know we had it before
But it went away
Where in the world did it go
I'm happy here on my own
And thats fine with you
You were never steady or slowEvery time the phone rings, I run
Every time George sings here comes the sun
Every time I feel like it's all been done
That's okay, that's alright I'm aliveI wonder where are you now
Are you happy still
Happier than when you were mine
I know it don't seem like much
But I owe you that
A piece of me is your piece of mind
