Frozen In Time (feat. Andreas Ort & Charline)

NCT

Hand in Hand across the Sea
My Heart was open You got the key
Everything changed Its hard to define
The world stopped moving Frozen in TimeChorus (x2)
Where to Begin? Where to Go?
Couldnt find the answer Ill let it go.
You leave me no choice What to do?
It cant be right What I feel for you
I must be Frozen in TimeI remember Hanging out with you
The Stories weve create We have been through
I remember Dreaming with you
Wondering and now
What should I do?
