Bring You To Life (Transcend) - Regoton Remix

Steve Aoki

you crash and burn we can start the fire
to save us from the coldest night
we can find our way and let the northern lights lead us
back home to a bluer sky
in a city of nightmares, I was a dreamer
I took the fall just to learn to fly
found beauty in darkness
that they will never find
and I will wait for you
until the end of time
I will wait to bring you the life
to bring you the life
I will wait...
let them tear us down
we will build a different life
rid our hearts of the coldest dyes
we can find our way
we will let the ocean tide lead us
back home to a warmer night
in a city of nightmares, I was a dreamer
I took the fall just to learn to fly
found beauty in darkness
that they will never find
and I will wait for you
until the end of time
I will wait for you
I will wait to bring you the life
