Still Going Through

Phil Stacey

What happened to Mr. Right
What went wrong the other night
When you called me?
Oh, why did you call me?
To talk about the good old days
Take a walk down memory lane
Catch up on life
Oh, since the day we died
Girl I don't know about you
As for me I'm still going through
Every kiss, nights like this
The way you looked in the light
Of that lonely moon
Looking down on us from that southern sky
Every word that fell from your lips
Baby I miss everything
And I have no clue how you got over
What I'm still going through
What more could you have to say
You said it all when you walked away
And just left me here
Yeah, you made it clear
I don't know what I'm doing wrong
I don't know why I can't move on
And just let this go
Girl would you let me know?
What it is I have to do
To keep from going through?
Every kiss, nights like this
The way you looked in the light
Of that lonely moon
Looking down on us from that southern sky
Every word that fell from your lips
Baby I miss everything
And I have no clue how you got over
What I'm still going through
The bright light at the end of the tunnel
Sure is fading fast 'cause I just can't get past
Every kiss, nights like this

The way you looked in the light
Of that lonely moon
Looking down on us from that southern sky
Every word and every kiss, nights like this
The way you looked in the light
Of that lonely moon
Looking down on us from that southern sky
And every word that fell from your lips
Baby I miss everything
And I have no clue how you got over
I have no clue how you got over
What I'm still going through
What I'm still going through
