

# Girls Night Out

[Britt Nicole](#)

We, like, really need a girls night out

(We need a girl's night out)

Yeah! Yep! Hey!

Let's go! It's been a crazy week, yeah

Haven't been off my feet, no

I need a stress relief, yeah

Only my girls can bring, oh No worries, no drama

And no broken hearts

Don't know where we're goin'

Just get in the car

We're perfectly perfect

The way that we are, we are Cause we ain't got nothin to prove, ooh

We'll let our hair down

And do what we wanna do, ooh

There ain't no boys allowed So ladies are you down, down

For a girls night out

Getting loud, show me how you move, ooh

We need a girls night

We need a girls night out We're laughing all night long, yeah

Ain't doing nothin' wrong, no

We karaoke on our phone yeah

Singing' our favorite song, oh No worries, no drama

And no broken hearts

Don't know where we're goin'

Just get in the car

We're perfectly perfect

The way that we are, we are Cause we ain't got nothin to prove

Ooh, we'll let our hair down

And do what we wanna do, ooh

There ain't no boys allowed So ladies are you down, down

For a girls night out

Getting loud, show me how you move, ooh
