

Only One (feat. Shuree Williams)

[n.F.](#)

You put your hand into mine, and baby we flew
And whenever you're not around, I don't know what to do
I'd rather die than go on livin' without you
'Cause you're the one for me, you're the one for me
You're the only one, only one, nothin's gonna hold us up, I got you
And after all that we've been through, we've been through some things
But it's okay, okay; there is no way I'm leavin', baby, believe it

...

I put my hand into yours, and baby I knew
That you would be there no matter what we go through
You're not alone; I'll always be there for you
'Cause you're the one for me, you're the one for me
You're the only one, only one, nothin's gonna hold us up, I got you
And after all that we've been through, we've been through some things
But it's okay, okay; there is no way I'm leavin', baby, believe it
You're the only one, only one, nothin's gonna hold us up, I got you
And after all that we've been through, we've been through some things
But it's okay, okay; there is no way I'm leavin', baby, believe it
Girl, I don't wanna sound like I'm on repeat
I know that it sounds like it might seem we've
Been through too much, I know it ain't easy
To look at my face; it's difficult when you see things
And we're fallin' apart, and we've been tryna fix this
Hopin' and wishin' that things would be different
I don't wanna lose you, I know that I miss this
'Cause you're the only one on my mind, now listen
Tryna be the man that you need any-time and I know that it seems I don't try
But I promise, I won't lie, won't lie; every time I look in your eyes, your eyes
Girl, I get this feelin' that I've never had, and I just want you to understand, yeah
You're the only one, only one, nothin's gonna hold us up, I got you
After all that we've been through, we've been through some things
But it's okay, okay; there is no way I'm leavin', baby, believe it, yeah
You're the only one, only one (yeah), nothin's gonna hold us up (yeah), I got you
And after all that (yeah) we've been through (yea yea, yeah), we've been through some things
But it's okay (yeah), okay; there's no way I'm leavin' (yeah), baby, believe it (yeah), yea, yea
