

Rewind

G.R.L.

I wish you would climb knock on my window
Climb into bed and lay with me
We can believe that just for one night
Things were the way they used to be
I wish we could laugh without a reason
When it was real and not pretend
Now that I'm back it makes me wonder
If it could be that good again 'Cause right now, it feels like this flames gonna burn out
What happened to us?
It's true, even though you're here I still miss you
I hope there's something left If you want this love
Say you won't give up
Take my hand
I can show if you let me
Look into my eyes
Let's go back in time
Take a chance
Baby why don't we just press rewind
Rewind, rewind
Baby why don't we just press rewind
Rewind, rewind Remember the times you send me love songs
But they were always out of key
All of my girls thought you were crazy
But it was magical to me
How did it get so complicated
When did the clouds turned into rain
Now looking back it makes me wonder
If it could ever be the same 'Cause right now, it feels like this flames gonna burn out
What happened to us?
It's true, even though you're here I still miss you
I hope there's something left If you want this love
Say you won't give up
Take my hand
I can show if you let me
Look into my eyes
Let's go back in time
Take a chance
Baby why don't we just press rewind
Rewind, rewind

Baby why don't we just press rewind
Rewind, rewind That first night (Run it back)
That first kiss (Run it back)
Yeah just like this (Run it back)
That first time (Run it back)
First I love you (Run it back)
I said it too (Run it back) If you want this love
Say you won't give up
Take my hand
I can show if you let me
Look into my eyes
Let's go back in time
Take a chance
Baby why don't we just press rewind
If you want this love
Say you won't give up
Take my hand
I can show if you let me
Look into my eyes
Let's go back in time
Take a chance
Baby why don't we just press rewind
Rewind, rewind
Baby why don't we just press rewind
Rewind, rewind
Baby why don't we just press rewind
