

# So Many People In The Neighborhood

Ween

So many people in the neighborhood  
So many people in the neighborhood  
So many people in the neighborhood  
I don't know if they're very good people  
So many people in the neighborhood  
So many people in the neighborhood  
So many people in the neighborhood  
I don't know if they're very good people  
So many people in the neighborhood  
So many people in the neighborhood  
So many people in the neighborhood  
So many people in the neighborhood  
So many people in the neighborhood  
(In the neighborhood)  
In the neighborhood, in the neighborhood  
In the neighborhood  
(Something hard to hear)  
How's about a piece of pie?  
(Ding dong, ding dong)  
Socks and lox and cocks and rocks  
Stay inside, stay inside
