Shoot Me Down

Boy Kill Boy

It's hard to say how I fit in the line
I lost my way, lost my way, my own mind
You should have left, should have left on time
It's no mistake, no mistake of mineShoot me down
When I hate to see you drownI didn't do, didn't do, didn't do, I didn't do this for you
Didn't say, didn't say, didn't say, I didn't say this was too good
Didn't do, didn't do, didn't do, I didn't do this for you
Didn't say, didn't sayYou never knew, never knew, never knew
You never should, never should, never should
I needed someone, someone to be here always
When the sun's down, someone to pick up piecesShoot me down
When I hate to see you drownI didn't do, didn't do, didn't do, I didn't do this for you
Didn't say, didn't say, didn't say, I didn't say this was too good
Didn't do, didn't do, didn't do, I didn't do this for youNow shoot me down
When I hate to see you drownIt's hard to say how I feel in this life
I lost my way, lost my way, my own mind
