

Go Anywhere

Vacationer

Doubts gave in when, give this a shot
Finding answers, we leave them or not
Diggin' your feet in, long on the go
Now there's no need to go it alone It's the dawn of the time of relief
It could mean everything
It's the love of your life and you know it could go anywhere Letting it sink in, out on the go
Morning just thinking, beginning to know
Shining our ways, lonely deaths
Now there's no worries, not one in your way It's the dawn of the time of relief
It could mean everything
It's the love of your life and you know it could go
It's the love of your life and you know it could go anywhere
