To See You Coming 'round The Bend

Yonder Mountain String Band

To see you coming 'round the bend
I just can't think of anything that could make me smile like you can
When you're coming 'round the bend, nooooI've been in love a time or two before
And all of that experience allows me to be sure
That you're the one
Sure as darkness brings the rising sun[Chorus]We both share the trials of the road
Cursing all the miles and the nights we spend alone
But then I smile
You've been waiting for me all the while[Chorus]I know the sun could hide behind the clouds for days
And I've walked down crowded streets and never seen a smiling face
And times like those, I'll just close my eyes and picture when[Chorus - "I'll see you coming..."]
