

She'll Never Be You

Thomas Mac

{ Verse 1 }

She'll never look at me
The way that you used to
And when she kisses me
It ain't like you used to do
Girl honestly it just ain't the way it was before
Praise the Lord

{ Chorus }

Oh she's the prettiest girl that you ever did see
Knows everything I love, she's got me down to a T
She's got the kinda eyes that glow and light up a room
But my favorite thing about her is she'll never be you

{ Verse 2 }

When she says she loves me
She don't go asking for money
And girl you won't believe
She thinks that my jokes are funny
Hell after this song I may never think about you ever again
Hallelujah amen

{ Chorus }

Oh she's the prettiest girl that you ever did see
Knows everything I love, she's got me down to a T
She's got the kinda eyes that glow and light up a room
But my favorite thing about her is she'll never be you

{ Bridge }

I finally know what trust is babe
No she don't care who's texting me
And I can't wait to spread the news
She'll never be you
No she'll never be you

{ Verse 3 }

And when I go out drinking she ain't waiting at home all mad
Nah
She's with me throwing them back

{ Chorus }

Oh she's the prettiest girl that you ever did see

Knows everything I love, she's got me down to a T
She's got the kinda eyes that glow and light up a room
But my favorite thing about her is
Yeah she's the prettiest girl that you ever did see
Knows everything I love, she's got me down to a T
She's got the kinda eyes that glow and light up a room
But my favorite thing about her is she'll never be you
My favorite thing about her is she'll never be you

{Outro}

I finally know what trust is babe
No she don't care who's texting me
And I can't wait to spread the news
She'll never be you
