

# Maniakiller

## Undercroft

Flowing slowly like acid  
Decaying by pieces all moral  
Have no escape from insanity  
Flowing slowly - pumping blood to the head !  
Destroying it all  
Make the time to kill  
Slowly !  
While the mind is black !  
Face to face in front the truth  
Blind the eyes and cold the neck  
Have no escape from insanity  
Flowing slowly - cumming on her frightened face !  
Destroying it all  
Make the time to kill  
Slowly !  
While the mind is black !  
Walk on the path of transgressions  
Every unrestrained killing... impulse !  
Burning the skin, piercing the flesh... 'till the end  
Flowing slowly - the sick art of the maniac killer !
